Testimonial – Q2, 2019

“ As we experienced with our first event in 2018, every department within the ACC was professional, courteous, and efficient, which allowed our event to run like clockwork and made our staff’s job easier. Ana Purritano and her staff were extremely helpful prior to and during the event. We are eager to see Empire State Comic Con grow within the Albany Capital Center and the remainder of the Capital Complex. ”
